## **Message to**

**Dear Esteemed Architect,**

Warm greetings from the MIT School of Architecture (MITSOA)!

We sincerely thank you for selecting our student to undergo Practical Training at your prestigious office. Architectural Training is a pivotal phase in a student's academic journey, allowing them to transition from theory to active participation in architectural practice. Therefore, we extend this cordial invitation to collaborate with us in this endeavor.

Established in 2016 at MIT-ADT University under the guidance of MAAER's Trust, MIT School of Architecture aspires to achieve global standards under the visionary leadership of Honorable President Dr. Vishwanath Karad.

Our ten-semester bachelor's course at MIT ADT University aligns with the educational guidelines set by the Indian Council of Architecture. Trainees are equipped with core design subjects, to function effectively, primarily in professional organizations' 'Design Sections'. While the trainees may not yet provide full-fledged architectural services, they are ready for modest assignments that offer insight into current architectural practices.

As per the curriculum, trainees are required to engage on a full-time basis, conducting themselves with propriety, regularity, punctuality, and diligence within the disciplinary framework of your organization. Any lapses in this regard should be promptly reported to the Training & Placement Office of the Institute, with the responsibility for misconduct resting solely on the concerned student.

For a comprehensive understanding of the curriculum's overall scope for 'Practical Training,' we have enclosed the relevant portion of the syllabus for your perusal and ready reference, along with the weekly reports. Upon the successful completion of the minimum 120 working days of the training period, we kindly request endorsed hard copies of the student's work, which will be utilized for the Practical Training Examination.

Please feel free to reach out for any queries or clarifications. MITSOA eagerly anticipates nurturing and strengthening this mutually beneficial association in the years to come.

Thank you and best regards,
