

3.4.4

Number of research papers published per teacher in the Journals as notified on UGC CARE list during the last five years

Preamble

MITADTU has consistently encouraged its faculty to contribute to academic scholarship, resulting in a significant number of research papers published in UGC CARE-listed journals over the last five years. These publications demonstrate the commitment of faculty members to advancing knowledge in their respective fields, aligning with the institution's research priorities. Each research paper is authored by the institution's teachers, ensuring adherence to academic standards set by UGC CARE. This performance highlights the institution's active role in contributing to high-quality, peer-reviewed research at both national and international levels. The details are given below:
