

4.4.2

Percentage expenditure incurred on maintenance of physical facilities and academic support facilities excluding salary component during the last five years

Preamble

Over the past five years, MIT ADT University has consistently prioritized the maintenance of its physical and academic support facilities, with a significant percentage of expenditure allocated to this purpose, excluding salary components. This investment ensures that infrastructure remains functional, safe, and conducive to learning. The university follows a structured policy outlining procedures for the maintenance and utilization of these facilities, which is crucial for sustaining a high-quality educational environment. Comprehensive maintenance reports detail expenditures and highlight areas of improvement, demonstrating the institution's commitment to enhancing its academic and infrastructural resources. The details can be accessed via links provided below.
