

6.5.3

Incremental improvements made for the preceding five years with regard to quality (in case of first cycle NAAC A/A) Post accreditation quality initiatives (second and subsequent cycles of NAAC A/A) Describe quality enhancement initiatives in the academic and administrative domains successfully implemented during the last five years within a Maximum of 500 words for either

Preamble

MIT ADT University has consistently demonstrated its commitment to quality enhancement in both academic and administrative spheres over the last five years. With a focus on fostering continuous improvements, the institution has made strategic advancements to ensure that its operations align with national standards of excellence. Through the submission of the Annual Quality Assurance Reports (AQARs) from 2019 to 2023, the university has implemented various quality initiatives, including programmatic improvements, the introduction of innovative pedagogical practices, and enhancements in governance and administrative processes. These initiatives reflect the institution's proactive stance on addressing key challenges and seizing opportunities for growth, which has resulted in measurable improvements in institutional performance. Details of each report can be explored via links below.
