7.2.1
Two Best practices successfully implemented by the Institution

Best Practice -01:
Integrated Student Progression Framework: From Classroom to Career

Preamble

MITADTU has implemented an Integrated Student Progression Framework, designed to guide students from their academic journey in the classroom to their professional career paths. This framework ensures a holistic approach to student development, emphasizing skill-building, professional readiness, and industry alignment. It integrates various initiatives, such as specialized training programs, mock interviews, value-added courses, and placement preparation, all coordinated through the School of Holistic Development (SHD) and the School of Corporate Innovation and Leadership (SCIL). The comprehensive training provided by Central Corporate Relations, Training and Placement Cell (CN CRTP) ensures students are well-prepared for career opportunities, aligning both academic and professional development objectives.

Best Practice -02 Fuelling Growth: MIT ADT University's Drive for Innovation and Entrepreneurship

Preamble

MIT ADT University fosters innovation and entrepreneurship through its highly rated Institution's Innovation Council (IIC), recognized with 5-star and 4-star ratings by the Ministry of Education and consistently ranked in the "Excellent" band in ARIIA and NIRF rankings. The university has also received a Gold Rating from QS I Gauge for Entrepreneurship and has mentored other HEIs for two consecutive years.

Key initiatives include a PG Diploma in Innovation Management, integration of project-based learning into the UG curriculum, and the AIC-MITADT Incubator Forum, an independent section-8 company, supports a growing ecosystem of startups, having incubated 40 entrepreneurial ventures. With AICTE funding and multiple editions of the Smart India Hackathon hosted, MIT ADT is actively driving innovation across the institution.
